PERSONNAL WEB PROJECTS

www.slowtraveller.xyz

SlowTraveller is a Web-App that proposes destinations according to a location and suggests different journeys with public transportation according to their carbon footprints. It was developed as the final project of my 9-weeks coding bootcamp.

<https://rent-a-cat.herokuapp.com>

Rent-A-Cat is a marketplace to rent your cat to other person (this is a fictional app).

<https://crazycocktails.herokuapp.com>:

An app to find any cocktails's recipe.
